International cooperation for development of new technologies: Decentralized cooperation between France and the Southern Cone

Who are we?

Objectives of the delegation :

- ✓ To support regional integration processes
- ✓ To set up programs and exchange networks in various sectors
- ✓ To contribute to the reflection on global issues and to support our operators for the access to multilateral financing
- ✓ To enforce the international action of local authorities from France and Latin America

Decentralized cooperation: all the initiatives and actions of international cooperation leads by one or various local authorities and one or various foreign local authorities, formalized by agreements.

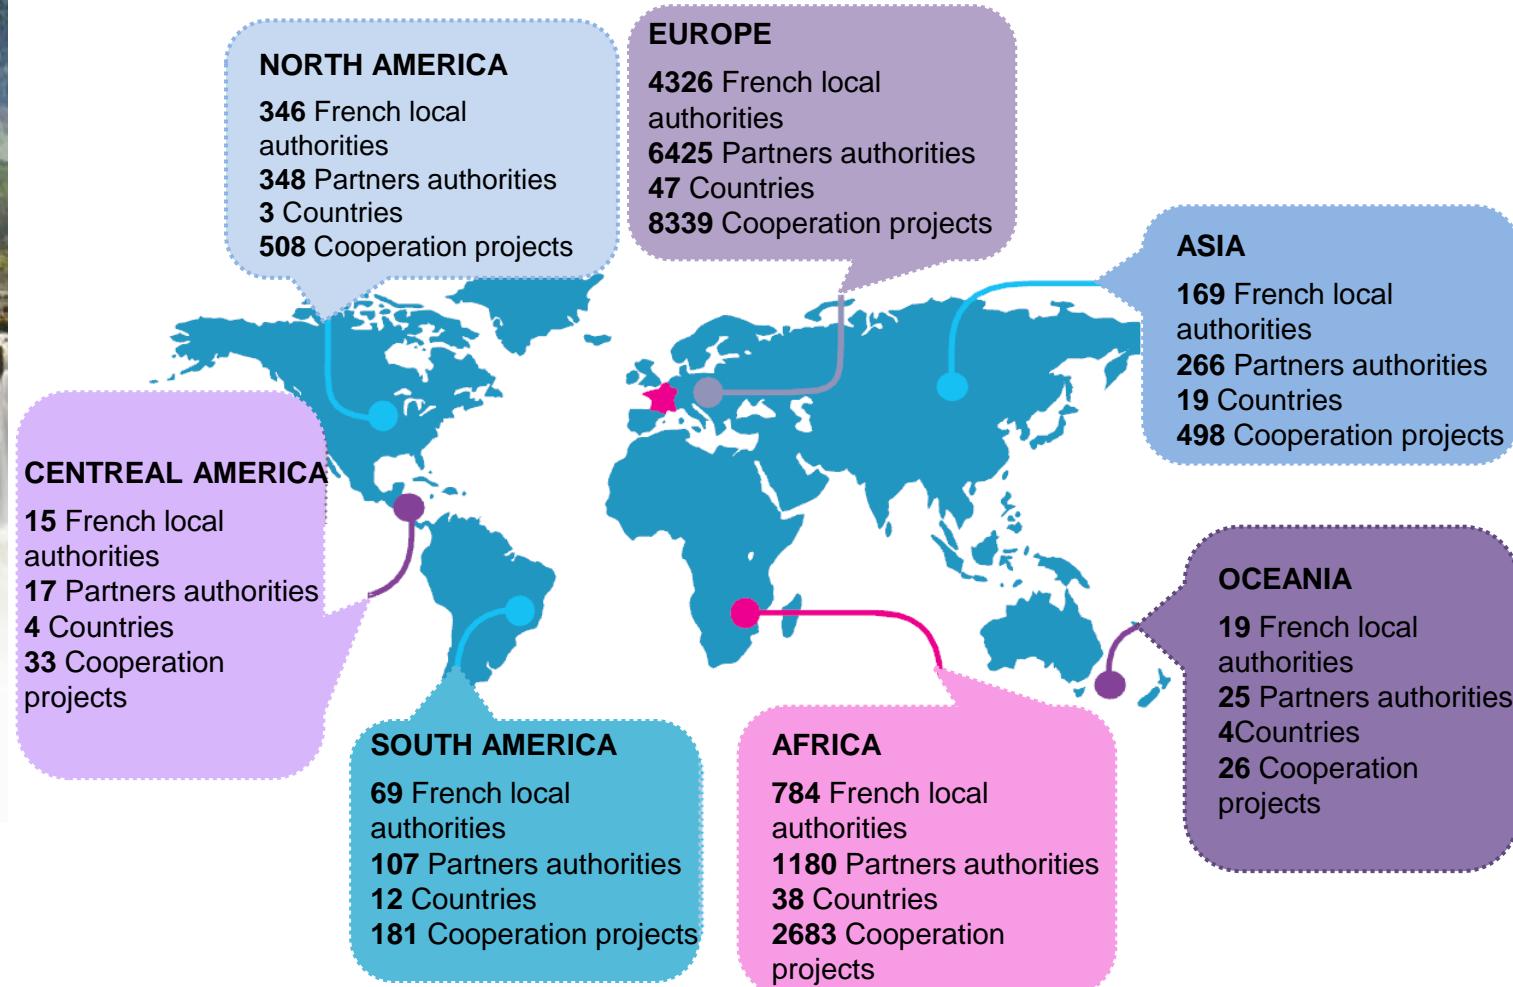

Decentralized cooperation in France:

- ✓ All the 26 French regions
- ✓ more than 75% of the departments
- ✓ nearly all the big cities
- ✓ many average or small cities
- ✓ a growing number of associations of municipalities

General overview of the French Decentralized Cooperation in 2014

The Decentralised Cooperation Exchanges at the meeting of different dynamics

Economy and decentralized cooperation

Decentralized cooperation is a tool to promote new technologies and their diffusion

Examples of Economic decentralized cooperation

Cooperation between the French region of Bourgogne and the Chilean region of Maule

Economic and trade development
is one of the priorities

Type of actions:

- ✓ Representative of Bourgogne is present in Santiago to support small and medium companies to export in Latin America
- ✓ Organization of collective missions in Chile for the sectors of industry, viticulture... to create long term economic relationship
- ✓ Cooperation between the French cluster Vitagora in Lyon and the CEAP in Maule

3 priorities:

- ✓ Sustainable development of inshore territories
- ✓ Rural development (rural tourism and agriculture)
- ✓ Education and professional capacitation

A French company is participating to the call for proposal in Chile on marine renewable energy.

The screenshot shows the CORFO website with a blue header bar. On the left, there's a red and blue horizontal bar. Below it, the CORFO logo is displayed. The main menu includes links for 'Inicio', 'Sobre Corfo', 'Programas y Concursos' (which is highlighted in blue), and 'Regiones'. A secondary navigation bar below shows 'Intermediarios y Consultores' and 'Llamados especiales'. At the bottom of the header, there are social media sharing buttons for Facebook, Twitter, and Google+, along with an 'Enviar por mail' button. The main content area features a heading 'Atracción de Centros de Excelencia Internacional de I+D en energía de los mares'. Below this, a paragraph describes the program's goal: 'Este programa tiene por objetivo el establecimiento en Chile de Centros de Excelencia en I+D Internacionales para realizar actividades de Investigación y Desarrollo, transferencia tecnológica y comercialización, en el área de la energía de los mares, buscando producir alto impacto económico nacional e internacional, y que fortalezcan las capacidades nacionales de I+D.' There are also 'Me gusta' (9), 'Twittear' (15), and '+1' (192) counts.
